[Inoar BotoHair](#)

Instructions Keratin Treatment

Be aware that: Do not use the product for children and pregnant women, the treatment contains formaldehyde. Use a formaldehyde free treatment for children and pregnant women.

Step 1:

Wash your hair very well at least 3 times with the Inoar Deep Cleaning Shampoo and rinse your hair well. Repeat this more than 3 times if necessary.

Step 2:

Make hair 100% dry using a hair dryer.

Step 3:

Shake the Inoar Botohair Collagen Smoothing System Treatment and de Inoar Botohair Reconstructor Balm well before use.

Mixing ratio is 1: 2, for example 100 ML Inoar Botohair Reconstructor Balm and 200 ML Inoar BotoHair Collagen Smoothing System Treatment.

For very dry or thick hair is mixing ratio 1: 1, for example 100 ML Inoar Botohair Reconstructor balm and 100 ml Inoar Botohair Collagen Smoothing system.

Divide the hair into 4 pieces, Apply the product 1 cm far from the scalp, to the hair strands with a brush. Then use a thin comb to comb your hair, the remaining product on the comb can be reused for the next hair strand. Working from the neck upwards. Leave the Inoar Botohair Treatment for 30 minutes in the hair, for chemically treated hair this is 40 minutes.

Step 4:

Make hair 100% dry using a hair dryer.

pay attention: to avoid hair burning and hair damage, the hair must be 100% dry. Before you use the hair straightener. From our experience we know that even after hair drying, the hair points may still be damp, make sure it is 100% dry.

Step 5:

Divide the hair into 5 parts. Take a hair lock of 1 centimeter thick and slide the hair straightener down 5 to 7 times (thin hair 5 times and thick hair 7 times) on each hair strand. Set the hair straightener on next temperature:

- *220 ° C for hair in good condition;
- *210 ° C for chemically treated hair;
- *190 ° C for fine and thin hair.

Working from the neck upwards.

Step 6:

After step 5, you have two options:

1. let the hair cool down for 10 minutes. Then rinse hair without using The shampoo, apply the Inoar Argan oil mask or inoar macadamia Oil Premium mask in the hair for 10 minutes. After the hair mask rinse well without using shampoo and make the hair towel dry. Hereafter bring the hair to the model as you are used to. From now on do not wash the hair for 3 days.

1. let the hair cool down for 10 minutes. Then rinse the hair without using shampoo. Make the hair towel dry and apply the Inoar Argan oil Leave-in conditioner in the hair. Hereafter bring the hair to the model that you're comfortable with. From now on do not wash the hair for 3 days.

2. For an intensive result you do not have to wash your hair, and leave it on for 3 days. After three days you can wash the hair with keratin after care products, and make the hair towel dry. Finally bring the hair to the model that you're comfortable with.

pay attention: The hair may only be treated and washed with keratin after care products.
