Inoar Ghair

Instructions Keratin Treatment

pay attention: Do not use the product for children and pregnant women, the treatment contains formaldehyde. Use a formaldehyde free treatment for children and pregnant women.

Step 1:

Wash the hair at least 3 times with the Inoar Ghair Deep Cleaning Shampoo and rinse the hair well. Repeat this more than 3 times if it's necessary.

Step 2:

Make hair 100% dry using a hair dryer.

Step 3:

Shake the Step2 Inoar Ghair Treatment well before use. Divide the hair into 4 pieces, Apply the product 1 cm far from the scalp, to the hair strands with a brush. Then use a thin comb to comb your hair, the remaining product on the comb can be reused for the next hair strand. Working from the neck upwards. Leave the Inoar Ghair Treatment for 30 minutes in the hair, for chemically treated hair this is 40 minutes.

Step 4:

Make hair 100% dry using a hair dryer.

pay attention: to avoid hair burning and hair damage, the hair must be 100% dry. Before you use the hair straightener. From experience we know that even after hair drying, the hair points may still be damp, make sure it is 100% dry.

Step 5:

Divide the hair into 5 parts. Take a hair lock of 1 centimeter thick and slide the hair straightener down 10 times on each hair strand. Set the hair straightener on next temperature:

*230 ° C for hair in good condition;

*210 ° C for chemically treated hair;

*190 ° C for fine and thin hair.

Working from the neck upwards.

Step 6:

After step 5, you have two options:

1. let the hair cool down for 10 minutes. Then rinse hair without using The shampoo, apply the Inoar Ghair step 3 Finalizing mask, in the hair for 10 minutes. After the hair mask rinse well without using shampoo and make the hair towel dry. Hereafter bring the hair to the model as you are used to. From now on do not wash the hair for 3 days

2. For an intensive result you do not have to rinse the hair, and leave it for 3 days. After three days you can wash the hair with **keratine after care shampoo and use** Inoar Ghair step3 Finalizing mask.

pay attention: The hair may only be treated and washed with keratin after care products.
